

Dear Henry

I used to get headaches on a daily basis for years, mostly waking up with a headache. I went to the Headache Clinic in Kraaifontein for an interview and necessary tests, received a plate to wear and ever since I have very few headaches. When I feel my shoulders and jaw tense, or get a headache, I immediately start wearing it again for a couple of days and then I'm all good again.

The service at the clinic was professional and friendly, as was the follow up service from yourself.

Thank you so much for everything! My life has changed for the better because of the Headache Clinic.

Kind regards

Ilchen
