

It has been a pleasure to visit and receive your services at this clinic. We cannot express enough the kindness, gentleness, and compassion with which we have been blessed through all of you. Your clinic models an attitude and atmosphere that should be adopted in other clinics. As we travel home to Canada, and tell of our experience here, it will always be with the most positive and kindest of terms.

May God bless you as you continue to serve others.

To the entire Headache Clinic Staff,

*Just a little note*

from us

to thank you

for your kindness

Sincerely,

Ben, Anne-Marie & Carlyn Schlamp
